Job Description: Junior Java with Spring Boot Developer

Position: Junior Developer

Location: Hybrid, Base Location Pune

Employment Type: Full-Time

Experience Required: 1-3 Years

About the Role:

We are looking for a motivated and enthusiastic Java Developer preferable with Spring Boot handson experience to join our growing team. The ideal candidate should have foundational experience in developing microservices. You will be responsible for contributing to the design and development of microservices. This is an excellent opportunity to work with emerging technologies and enhance your skills through innovative projects.

Key Responsibilities:

- Design, develop, and maintain robust and scalable microservices using Spring Boot.
- Collaborate with cross-functional teams to define, design, and ship new features.
- Ensure the performance, quality, and responsiveness of applications.
- Troubleshoot and resolve technical issues under the guidance of senior team members.
- Stay up-to-date with emerging technologies and industry trends.

Qualifications:

- Bachelor's degree in Computer Science, Engineering, or a related field.
- 1-3 years of experience in Java development.
- Proven experience in developing and deploying microservices.
- Experience with RESTful APIs and web services.
- Knowledge of containerization and orchestration technologies (e.g., Docker, Kubernetes) is a plus.
- Familiarity with CI/CD pipelines and DevOps practices.
- Excellent problem-solving skills and attention to detail.
- Strong communication and teamwork skills.

Preferred Skills:

- Experience with other cloud platforms (AWS, GCP) is a plus.
- Knowledge of database technologies (SQL, NoSQL).

What We Offer:

- Competitive salary and benefits package.
- Opportunities for professional growth and development.
- A collaborative and innovative work environment.

- Flexible working hours and remote work options.

How to Apply: Interested candidates are invited to submit their resume and a cover letter detailing their relevant experience and qualifications to recruitment@scalean.io.
